To: Joshua Patrick Tenenbaum <tenenbaj@oregonstate.edu>

Hi Josh,

This is another update message from Group 25 to wrap the activities for this year's project. All work on the project has been completed though we are still working through the steps for passing this project onto a future group. For now, our showcase contents can be found at this link: <https://eecs.oregonstate.edu/project-showcase/projects/?id=o2JVBB8MUA1byts1> while our Google Site is linked here:

<https://sites.google.com/oregonstate.edu/ece44x201925>.

These should present a fair picture of where the project stands at the end of term. You will receive a followup email with further details about how the project should look moving forward.

Sincerely,  
Group 25
